I was really surprised when I read the
e-mail. Feelings are something that every living
being possesses. Feelings give your life a meaning.
A life without feelings is useless. Feelings make
your life amazing and it makes you the
happiest person and also the most upset person.
As you grow up - you will have feelings for
more people and it's going to make you
stronger than ever. You are going to understand
the value and meaning of life. I want
every one of you who are reading this to
remember you might not be the the happiest
person but you aren't the most upset person
whose feelings have been hurt. I want you to
control your feelings because you are the
only one who can do it. I believe in you
and I wish you a good day. 138
